This guide is the only resource to provide an in-depth, year-over-year comparison covering the various editions of the CGL form from 1973 through 2007. You'll also find court case citations that clarify the policy, summaries of major endorsements to the forms, and tips on how to tailor a policy to meet the needs of your clients. Commercial General Liability, 9th Edition includes discussions of the most recent exclusions and exceptions of the CGL form. The book features reproduced copies of the ISO CGL forms from 1973 through 2007 in the Appendix. An understanding of the intricacies of the coverage language of the CGL form is of particular importance because liability claims and lawsuits frequently play out over years and even decades. Understanding the evolution of the form is therefore critically needed by both underwriters and agents who are arranging coverage and adjusters and attorneys who are interpreting it.
