Equine Reproductive Physiology, Breeding and Stud Management

Mina C. G. Davies-Morel

Equine Reproductive Physiology, Breeding and Stud Management Mina C. G. Davies-Morel

This volume is a comprehensive and detailed text that presents current methods for maximizing productivity and animal welfare. It begins with a series of chapters on the reproductive physiology of the mare and stallion. It then provides numerous examples on how this knowledge can be applied to breeding and stud management, including selection criteria, management of pregnancy and birth, and embryo transfer. The book will be equally useful for veterinary students, veterinarians, and stud managers.
