*The Resume Queen's Job Search Thesaurus and Career Guide for Professionals* is a unique handbook created specifically for professionals in a job search today. Although organized like every other thesaurus, it has a twist. It contains only words that are relevant to a job search and, unlike other thesauri, contains practical suggestions to enhance your ability to sell yourself more effectively, before and after the interview, so you can land the job of your dreams.

A resume is no longer a chronological listing of employment history, education and references, but a marketing document designed explicitly for the goal of landing an interview. Hiring managers take 8-10 seconds to skim a resume and decide if they want to read further. Your choice of words and your ability to communicate your value to a potential employer, therefore, is vital.
