An Extraordinary Power to Heal Bruce Semon, Lori Kornblum

An Extraordinary Power to Heal, by Bruce Semon, M.D., Ph.D., and Lori Kornblum, was written for people suffering from supposedly untreatable medical conditions. This book explains why yeast and yeast chemicals from the yeast in your intestines and in your food cause these conditions and how you can change your diet to stop them. An Extraordinary Power to Heal has explanations and case studies about so-called auto-immune conditions, including fibromyalgia, Chronic Fatigue Syndrome, Crohn's Disease and ulcerative colitis, multiple sclerosis, rheumatoid arthritis, and other conditions. An Extraordinary Power to Heal also has explanations and case studies about other medical conditions that respond to anti-yeast treatment, including Autism, ADHD and ADD, Tourette's Syndrome, depression, headaches, seizures, skin problems including eczema and psoriasis, allergies and food addiction. The case studies are of real patients who changed their lives by changing their diet and using anti-yeast therapy. An Extraordinary Power to Heal contains a complete treatment plan, and has comprehensive footnotes referencing medical studies that support the observations, case studies and explanations in the book. The companion cookbook, Extraordinary Foods for the Everyday Kitchen, has more than 125 recipes and more than 60 menus to help you implement the suggestions in An Extraordinary Power to Heal.
