Fractal State of Being Sara Skorgan Teigen

'My sketchbook is a physical form of my thoughts, my aquifer of ideas and meditations of the world as I experience and learn from it. It is where my psychological truth takes form and manifests. To study patterns in nature and draw them small and concentrated gives me time to meditate on the forms, shapes and expressions they give. Abstract forms are fascinating because they are not familiar to us and therefore when presented or seen -we have to accept them.' - Sara Skorgan Teigen
