The beautiful Beartooth Mountains are home to glaciers, deep canyons, streams, waterfalls, over a thousand lakes, abundant wildlife, protected wilderness areas, national forests, and North America's largest alpine tundra region. Now in its 5th edition, *Day Hikes In the Beartooth Mountains* includes an extensive collection of hikes within this mountain range bordering Yellowstone National Park. The 123 hikes range from 10,000-foot plateaus and peaks to treks along the Yellowstone River. The hikes lie within a 120-mile radius of Red Lodge, an active resort and ski town. A range of scenery and hike lengths are included, from relaxing creekside strolls to all-day, top-of-the-world outings. All hikes can be completed during the day. Map sources and references are listed for extending the hikes.
