MIROGLYPHICS PREMIERE ISSUE

Entering the new millennium evolves a new generation of Artists and Leaders that will carry the legacy to the next generation. Technology continues to advance and now it becomes more difficult to distinguish raw talent from the generic. Do I disagree with technology? The answer is no. However, it causes a major pitfall that brings forth a dilemma and a question mark. Who is real? Who is generic? It is evident that talent still exists today, because those talented individuals possess the hunger, passion, and desire. Unfortunately, some of these talented individuals will never be discovered. Many will never receive the opportunity, because our society only promotes "Who you know?" This magazine was created to prove that raw talent still really does exist. Miroglyphics Mag objective is to bring back raw talent and creativity for the next generation.
