## **Landscaping Principles and Practices** Jack Ingels

Newly reorganized and updated, the fifth edition of this popular text offers a comprehensive introduction to landscape management. To present a balanced view of the industry as a process, the text is now organized by the industry's three career areas - design, contracting, and maintenance - to illustrate the interdependence of these areas. New material covers such current topics as xeriscaping and landscape calculations, providing students with the latest in landscaping techniques and management. Excellent for launching students into landscaping careers!
