No matter what is going on in your life, with the exception of injury, health problems, or the death of a loved one (that is the one and only exception), you have the ability to be in control of your emotions, you have the ability to be stress free, you have the ability to feel the way you want to feel moment to moment. Our biggest problem, as human beings, is that we think with our "duck" in the Duck Blind at times when it would be in our best interest to call up our Eagle's Nest. Whenever you are worried or angry, and your life is not on the line, your thinking is irrational and illogical. This book empowers the reader to think more clearly in all areas of life and to rise above change and life's surprises.
