**Corporate Finance: A Practical Approach** Michelle R. Clayman, Martin S. Fridson, George H. Troughton  
**The book that fills the practitioner need for a distillation of the most important tools and concepts of corporate finance**

In today's competitive business environment, companies must find innovative ways to enable rapid and sustainable growth not just to survive, but to thrive. *Corporate Finance: A Practical Approach* is designed to help financial analysts, executives, and investors achieve this goal with a practice-oriented distillation of the most important tools and concepts of corporate finance.

Updated for a post-financial crisis environment, the *Second Edition* provides coverage of the most important issues surrounding modern corporate finance for the new global economy:

- Preserves the hallmark conciseness of the first edition while offering expanded coverage of key topics including dividend policy, share repurchases, and capital structure
- Current, real-world examples are integrated throughout the book to provide the reader with a concrete understanding of critical business growth concepts
- Explanations and examples are rigorous and global, but make minimal use of mathematics
- Each chapter presents learning objectives which highlight key material, helping the reader glean the most effective business advice possible
- Written by the experts at CFA Institute, the world's largest association of professional investment managers

Created for current and aspiring financial professionals and investors alike, *Corporate Finance* focuses on the knowledge, skills, and abilities necessary to succeed in today's global corporate world.
