Robbie and Tamika are a young married couple under financial pressure. They need to rent out a room to get through and Tamika won't have another woman in her home so they decide on a man. The man they choose is mature and only looking for something short-term, which is perfect. He also pays up-front, and the more Tamika relaxes around him the more he wants to pay in rent. That is – if she will dress as if it's only her husband watching he would consider that a privilege that he should pay for. And if she would dress without worrying about things like closing the bedroom door, or maybe shower with the bathroom door not fully closed – well a male house guest would need to pay for that too..... The 'First Cuckolding' stories have two distinct themes: They are about pre-planned, voluntary cuckolding with the husband having some control (no domination & humiliation). They are about the events and discussions leading to the wife being shared and the first experience(s) – about tentative experimentation rather than seasoned, hard-boiled swingers in action. This story, like all under the Matt Coolomon banner, contains high level, graphically depicted erotic scenes. The characters are consenting adults.
