## Laparoscopic Inguinal Hernia Repair - Surgical Procedure: Transabdominal and Balloon-Assisted Extraperitoneal Approaches (Yale University School of Medical Surgery Education Series)

Part of a series of multimedia surgical teaching tools edited by Dr. Rosser, of Yale University School of Medicine, this provides interactive, hands-on training in inguinal hernia repair from a laparoscopic perspective. Detailed video/still images of anatomical structures familiarise the user with the stepped procedures of each stage of operation, while Room Set-up demonstrates the correct orientation of surgical/visualisation equipment and surgical personnel. The Procedure section walks users through all phases of the operation, also allowing jumps to another phase out of sequence for independent review.
