Pacific Symposium on Biocomputing '97: Maui, Hawaii, USA 6-9 January 1997 Lawrence Hunter

The Pacific Symposium in Biocomputing (PSB) is an international, multidisciplinary conference for the presentation and discussion of current research in the theory and application of computational methods in problems of biological significance. Papers and presentations are rigorously peer-reviewed and are published in an archival volume that should prove to be a valuable reference for all biochemists and computer scientists. PSB-97 will focus on advancing areas of research in the field.
