Global human resources consulting firm Watson Wyatt has conducted a large body of research on 25 human capital management practices showing, for the first time, how these practices can raise or lower the stock price of a company and by how much. This research, cited in the *Wall Street Journal*, the *New York Times*, and *Forbes*, is the foundation of the *Human Capital Edge*, and brings a new level of financial measurement-based precision to the too-often fuzzy world of management books.
