Britain's Beer Revolution Roger Protz, Adrian Tierney-Jones

UK brewing has seen unprecedented growth in the last decade. Breweries of all shapes and sizes are flourishing and the range of home-grown beers available in pubs and shops has never been so diverse. British beer consumers have never had it so good and, headed by real ale, a 'craft' beer revolution is sweeping the country. CAMRA have brought together some of Britain's top beer writers and spoken to key figures in British brewing - hop growers, maltsters, brewers, pub owners and critics - to celebrate Britain's Beer Revolution. These experts look behind the beer labels and shine a spotlight on what makes British beer so good. National and regional brewers with generations of tradition rub shoulders with new micro-brewers, and popular classic beers jostle for space at the bar with modern interpretations and innovative new masterpieces. All the brewers featured are dedicated to one thing...Making great British beer.
