The Feynman Lectures on Physics (w/audio): The New Millennium Edition Richard P. Feynman, Robert B. Leighton, Matthew Sands

"The whole thing was basically an experiment," Richard Feynman said late in his career, looking back on the origins of his lectures. The experiment turned out to be hugely successful, spawning a book that has remained a definitive introduction to physics for decades. Ranging from the most basic principles of Newtonian physics through such formidable theories as general relativity and quantum mechanics, Feynman's lectures stand as a monument of clear exposition and deep insight. Now, we are reintroducing the printed books to the trade, fully corrected, for the first time ever, and in collaboration with Caltech. Timeless and collectible, the lectures are essential reading, not just for students of physics but for anyone seeking an introduction to the field from the inimitable Feynman.

From reader reviews:

Julian Lored:

Book is to be different for every grade. Book for children until finally adult are different content. As we know that book is very important for us. The book The Feynman Lectures on Physics (w/audio): The New Millennium Edition ended up being making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The publication The Feynman Lectures on Physics (w/audio): The New Millennium Edition is not only giving you more new information but also being your friend when you really feel bored. You can spend your current spend time to read your guide. Try to make relationship with all the book The Feynman Lectures on Physics (w/audio): The New Millennium Edition. You never experience lose out for everything in case you read some books.

Stewart Ramirez:

People live in this new time of lifestyle always try to and must have the extra time or they will get wide range of stress from both daily life and work. So , once we ask do people have extra time, we will say absolutely sure. People is human not only a robot. Then we question again, what kind of activity are there when the spare time coming to a person of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative within spending your spare time, the book you have read will be The Feynman Lectures on Physics (w/audio): The New Millennium Edition.

Karl Henderson:

Do you have something that that suits you such as book? The guide lovers usually prefer to pick book like comic, small story and the biggest you are novel. Now, why not trying The Feynman Lectures on Physics (w/audio): The New Millennium Edition that give your satisfaction preference will be satisfied simply by reading this book. Reading behavior all over the world can be said as the way for people to know world a great deal better then how they react to the world. It can't be claimed constantly that reading addiction only for the geeky particular person but for all of you who wants to always be success person. So , for all of you who want to start reading as your good habit, it is possible to pick The Feynman Lectures on Physics (w/audio): The New Millennium Edition become your own starter.

Jeffrey Martinez:

Many people spending their time frame by playing outside together with friends, fun activity along with family or just watching TV the entire day. You can have new activity to shell out your whole day by studying a book. Ugh, think reading a book really can hard because you have to take the book everywhere? It fine you can have the e-book, getting everywhere you want in your Touch screen phone. Like The Feynman Lectures on Physics (w/audio): The New Millennium Edition which is obtaining the e-book version. So , why not try out this book? Let's notice.
