There are tens of thousands of different possible chords on the ukulele in ADF#B tuning! Create your own chord shapes from over 650 easy-to-read full fingerboard diagrams covering 55 different chord types in all keys. Diagrams for more complicated chord types illustrate both the optional and essential notes. Notes are illustrated up to the position 17 semitones above the nut to allow easy visualisation of chord shapes around the octave.

This book includes chords used in all types of music from classical through blues to rock and jazz and is the companion to 'A Visual Guide to Scales for Ukulele in ADF#B'. The 55 different chord types covered by this book include:
