## **Don't Kill Santa!: Christmas Stories** Donald Davis

Donald Davis knows that the holidays you remember aren't the ones where everything goes as expected; instead, you remember the ones that bring an element of surprise?if not outright disaster. At the Davis household, which had its fair share of these incidents, that includes: the time the bear stole the family's Christmas dinner; the time the boys' Christmas gifts got "repossessed;" the time Joe-brother was cured once and for all of opening his presents early; the time Donald and his friend Larry Leatherwood laid a trap for their little brothers... and snagged some unfriendly wild game instead. The arc these stories create follow a family in rural Appalachia from the horse-and-wagon days through the family's first car, new "modern" house with its gas stove, and first television?and reflects the revolving ways extended and immediate families observe, embrace, and celebrate the holidays.
