Eve's Apples is a series about a group of young, sexy, vibrant African American women who are balancing their careers, friendships, love lives and whatever drama that comes their way. These women love other women; love their laughter, their touch, and sometimes their pain. All these women have one thing in common, they love hard, hard enough to lose everything they've worked for but find the strength to get it all back into place or die trying to. Love, Laugh, hate, and cry with these ladies as they find who they were always meant to be. The first character to shake the apple tree is Pricilla Jones an inspiring professional dancer that struggles to keep her dreams making it in the big time alive as well as finding someone to share her dreams with. She meets Sunny Maroon a hot up and coming DJ on the club and party scene. Time goes by Sunny's music isn't moving to the same beat as Pricilla so she moves on. On a new year, a new beginning she meets Simone Kim, a beautiful seductive woman who comes in and out of her life not ready for a commitment. Sunny's back in Pricilla's life making a commitment to her and wants her to be her wife. Pricilla now has everything she's wished for her career moving in the right direction, her wife by her side, and a place to lay her head. All of that can all come crashing down in front of her very eyes when she discovers Sunny hugging her best friend Simone after just announcing her engagement to her friends and Pricilla hasn't exactly broken things off with Simone. Pricilla's dance has become a hot tango mess! See how it all goes down. And five Six SEVEN EIGHT!
