Evolution of Darkness

Hyginus Mathurin

Evolution of Darkness Hyginus Mathurin

In the beginning, darkness caused itself to explode, causing the event science calls the big bang and Christianity refers to as creation. Many have associated darkness with nothing, but author Hyginus Mathurin describes darkness as the actual primitive state of the Creator. *Evolution of Darkness* presents a revolutionary perspective on the physical development of Darkness as it creates its physical kingdom in the universe.

Mathurin is concerned with the nature of Darkness, not as the dwelling place of the Creator, but as the actual Creator. He takes a bold step to declare that the universe is the actual Evolution of Darkness.

Evolution of Darkness is a declaration that the universe is perfect and could not have existed any other way. Every act and every thought is necessary for its effective operation.
