The Second Edition of *Tennessee Legal Research* identifies relevant, new legal information sources as well as significant changes to existing legal information sources that have developed over the last nine years since the first edition. Additionally, this new edition incorporates the updated information into the discussion of a comprehensive legal research process, resulting in the most current explanation of researching Tennessee law. While useful as a text for new law students learning legal research, the book would also be a useful guide and reference for anyone researching law in Tennessee.
