"*The only thing to be done with this country is leave it, once and for all.*" Ángel could never have pictured himself in a situation like this -- hungry, tired, and unsure if he'll live to see tomorrow. But no price is too high for his family's future. *Waves* plunges the reader into a world of dominoes, rum, cigars, sex, drugs and boleros while weaving together three episodes of Cuban mass migration to the United States. A book about Cuba which doesn't side with left or right, but with ordinary people suffocated by circumstances. A tribute to migrants, their hopes and sacrifices.
