The Link Series: Books 1-3 Austin D Kastl

When Daimon Camano starts seeing the number 618 everywhere, he begins a quest for answers that reveals a plot for political control of New Purley. Only with the help of a disgraced physics professor who breached a fundamental level of reality can he combat an organization run by a powerful zealot. After Daimon's darkest side is released, it takes the combined strength of his army brother, his conservative mother, his eccentric best friend, an outspoken policewoman, and a curious girl with uncanny abilities to face it. However, this insuperable threat is only the beginning. Soon, the future of human kind must be decided. The Link Series has it all: nanotechnology, philosophy, allegory, quantum physics, tragedy, dancing, superpowers, time manipulation, and cookies (Animal Crackers, if you have them). This collection contains the entire trilogy: Severing Link, Missing Link, and Following Link.
