## **The Art of Walter Crane Vintage Coloring Book, Volume 1** Heidi Berthiaume

The following illustrations by Walter Crane (1845-1915) come from across the six volumes of *The Faerie Queene*, published in 1895. The unique, detailed illustrations of knights, princesses, and monsters from Edmund Spenser's epic poem will provide hours of coloring enjoyment. This volume includes the following:

- Twenty full page illustrations
- Twenty 4"x6" images featuring close-up artwork from the full page illustrations
- Single-sided pages
- Blank pages at the end of the book to test your coloring implements

Due to the thickness of the paper, colored pencils are recommended. Markers may be used, though having a sheet of cardstock or a few pieces of copy paper under the page you are coloring is useful to prevent possible bleed-through onto the next illustration.

Each illustration has been digitally and manually "cleaned up" while remaining as true to the original scan as possible, in order to create an enjoyable coloring experience. This volume is part of the Vintage Coloring series of adult coloring books by late nineteenth-early twentieth century artists.
