Bringing Heaven Down to Earth - Book II Tzvi Freeman, Rabbi Menachem M. Schneerson

Rabbi Menachem Mendel (1902-1994) is known worldwide as simply the Rebbe-meaning my teacher. His teachings grow naturally out of the Kabbalistic/Chassidic/Talmudic thought of which he was a supreme master-yet they are profoundly radical in their relevance to modern life.

Bringing Heaven Down To Earth, Book I is a collection of 365 dimensions of the Rebbe's thought condensed into memorable aphorisms by Rabbi Tzvi Freeman.

Book II continues the process, now going further and deeper.

Each chapter begins with a short essay providing the background to the thoughts that ensue. Each thought is then presented in as few words as possible, finely crafted and polished to allow the wisdom they contain to shine clearly through. Nevertheless, the reader can jump in at any point and read in any order.

This book is not meant as a one-time read, but as a companion to guide and teach as life goes on. For every situation of life and every challenge, there is a jewel of wisdom that will help the reader discover what it is s/he must learn from this moment of life and how s/he must grow. Keep it by your bedside, on your desk, in your car. It is not a book to read, but to live.
