## **Peer-to-Peer Application Development: Cracking the Code** Dreamtech Software Team

Part of the new Cracking the Code Series, *Peer to Peer Application Development* takes a look at the code behind Napster-style Peer to Peer (P2P) applications. This book covers complete web application with design specifications, flow diagrams and source code with line-by-line explanations. You'll build a completely functional P2P application and clients with audio/video streaming, chat and wireless capabilities. Other topics covered include building the P2P Server, building clients in C# and Java, XML data, wireless integration and more!
