*A Beautiful Anarchy* is a vulnerable, honest, and insightful book about the human longing to create, whether you're creating a family, a business, a book, or a photograph. Your greatest creation can be an intentional life lived on your own terms. What is our life but a chance to make the greatest art of all?

If you already identify as a creative person, this book is an invitation to more intentionally explore your creative process. If you've ever said, "But I'm not really creative," it's a call to exhume a part of yourself that desperately needs to get out and breathe.

This is an honest discussion about creativity and the obstacles that stand in your way on that journey. It's an invitation to consider the creative in all of us, and to recognize that your best work will always be done when you colour outside the lines and listen first to your own voice. Truly exceptional, authentic lives have never belonged to the talented or the fearless, but to those who find the courage to do their work, and to be themselves.
