Seventy Weeks - The Historical Alternative Robert Caringola

Bible prophecy is God showing us history (His-story) in advance. A Divine time measure is a prophecy which is confined to a specific period of time. During this period, the events prophesied must come to pass exactly as foretold. This is the story of the only Messianic Divine time measure recorded in Holy Writ Daniel's Seventy Weeks. The truth of its interpretation begins with a journey back to the Protestant Reformation. It was during this period of Church history that this great prophecy's commonly understood fulfillment was hermeneutically attacked and distorted. The confusing results of this theological assault are with us to this day and manifest itself in the teaching that a seven-year tribulation period is yet to come. This doctrine was birthed in Counter-Reformation Europe during the 16th century. What was this doctrinal assault's ultimate purpose? Who first taught it? Why was this new interpretation of Daniel chapter nine rejected by scholastic Protestant clergy for centuries? Who were its authors trying to protect? What is the true alternative which was believed by all of Christendom for over a millennium? How has this affected our perceptions and understandings of Christ's Kingdom? This book reveals the truth about Daniel's 70th week. Its contents shatter the sand-built foundations of today's popular 21st century Bible prophecy teaching, properly titled Futurism but commonly understood to be Dispensationalism!
