Meet retired cop, Sam Prichard. Sam opens his practice as a Private Investigator, and gets his first real case almost instantly: Find Barry Wallace, a local rock singer who was on the verge of making it big, and vanished suddenly! When Barry's body turns up minus his head and hands, the case becomes ominous, and now he has to find a killer, instead! The evidence comes together, and leads to the discovery of the missing body parts on the estate of a well known talent agent, who stood to gain a lot of wealth if Barry had only agreed to sign the contract he had arranged, and the man is arrested for murder. But Sam gets a bigger surprise when that same man hires him to prove his innocence, and Sam follows a convoluted trail of clues to discover who really killed Barry, and wanted to frame the agent for the crime! Meanwhile, Sam has blundered into taking a job as the new lead singer for Barry's band, and may be on the edge of a whole new career for himself! Come along for the ride, and you'll get to hear Sam Prichard sing his heart out! **See why people are calling it "the next Jack Reacher" yourself by scrolling up and downloading your copy today!**
