Personal History

Katharine Graham

Personal History Katharine Graham

An extraordinarily frank, honest, and generous book by one of America's most famous and admired women - a book that is, as its title suggests, composed of both personal memoir and history.

It is the story of Graham's parents: the multimillionaire father who left private business and government service to buy and restore the down-and-out **Washington Post**, and the formidable, self-absorbed mother who was more interested in her political and charity work, and her passionate friendships with men like Thomas Mann and Adlai Stevenson, than in her children.

It is the story of how **The Washington Post** struggled to succeed -- a fascinating and instructive business history as told from the inside (the paper has been run by Graham herself, her father, her husband, and now her son).

It is the story of Phil Graham -- Kay's brilliant, charismatic husband (he clerked for two Supreme Court justices) -- whose plunge into manic-depression, betrayal, and eventual suicide is movingly and charitably recounted.

Best of all, it is the story of Kay Graham herself. She was brought up in a family of great wealth, yet she learned and understood nothing about money. She is half-Jewish, yet -- incredibly -- remained unaware of it for many years. She describes herself as having been naive and awkward, yet intelligent and energetic. She married a man she worshipped, and he fascinated and educated her, and then, in his illness, turned from her and abused her. This destruction of her confidence and happiness is a drama in itself, followed by the even more intense drama of her new life as the head of a great newspaper and a great company, a famous (and even feared) woman in her own right. Hers is a life that came into its own with a vengeance -- a success story on every level.

Graham's book is populated with a cast of fascinating characters, from fifty years of presidents (and their wives), to Steichen, Brancusi, Felix Frankfurter, Warren Buffett (her great advisor and protector), Robert McNamara, George Schultz (her regular tennis partner), and, of course, the great names from the **Post**: Woodward, Bernstein, and Graham's editor/partner, Ben Bradlee. She writes of them, and of the most dramatic moments of her stewardship of the **Post** (including the Pentagon Papers, Watergate, and the pressmen's strike), with acuity, humor, and good judgment. Her book is about learning by doing, about growing and growing up, about Washington, and about a woman liberated by both circumstance and her own great strengths.

This kind of book exist new know-how the information that exist in this e-book represented the condition of the world at this point. That is important to yo7u to know how the improvement of the world. This specific book will bring you throughout new era of the glowbal growth. You can read the e-book on your smart phone, so you can read the item anywhere you want.

Robert Carlson:

People live in this new time of lifestyle always try and and must have the time or they will get great deal of stress from both way of life and work. So , whenever we ask do people have spare time, we will say absolutely sure. People is human not a robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer can unlimited right. Then ever try this one, reading ebooks. It can be your alternative inside spending your spare time, typically the book you have read is usually Personal History.

Karen Saldivar:

This Personal History is great reserve for you because the content which can be full of information for you who also always deal with world and possess to make decision every minute. This specific book reveal it information accurately using great plan word or we can state no rambling sentences within it. So if you are read it hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but tricky core information with lovely delivering sentences. Having Personal History in your hand like obtaining the world in your arm, details in it is not ridiculous one particular. We can say that no reserve that offer you world throughout ten or fifteen second right but this book already do that. So , this can be good reading book. Hey there Mr. and Mrs. busy do you still doubt that will?
